In The Event Of Illness

If your child is not in good health, they will not be admitted into Swim School classes. We have strict rules applying to this, as staff and children are in a confined space. The Public Health Act (1992) requires that Parents/Guardians provide details of their children's current immunisation status. Where a child is not vaccinated against a contagious condition they will be asked not to attend Swim School if there is an outbreak of that condition.

If your child has any of the following, you must not bring them to the facility. Please keep your children at home if he/she is suffering from:

- A heavy cold (green mucus is a good indication)
- Vomiting in the previous 24 hours
- Diarrhoea in the previous 24 hours
- Any infectious disease
- A high temperature

Fitness First reserves the right to refuse entry to any child. If a child becomes ill whilst in Swim School our staff will attend to the needs of the child on a one on one basis until the parent or guardian returns.

Private Lessons

All private lessons are booked and paid through Swim School office. Any cancellation of these lessons with less than 24 hours' notice will result in monies paid being forfeited. If more than 24 hours' notice has been given, a make-up class will be provided where possible on a suitable day for you and the teacher.

Supervision

Parents and guardians are expected to take full responsibility for their children upon entry to Fitness First and whilst participating in our Swim School program. Fitness First does not take responsibility for the supervision of children outside of their allocated swimming lesson. Swim School families are required to maintain appropriate behaviour whilst within Fitness First

It is Swim First policy that all swimmers are expected to exit the water at the completion of their lesson and are to be collected immediately by a parent or guardian. Swimmers are not permitted to enter the water before their lesson or re-enter the water at the completion of their lesson under any circumstances.

Make Up Lesson Policy

Based on our experience we find that make up lessons can potentially disrupt established classes and can also confuse some children due to unfamiliar faces and surroundings. Swim School cannot always guarantee a make-up lesson due to our set class numbers, and throughout peak swim periods providing make up classes may be highly impossible.

Make up lessons will only be issued for medical reasons under the following guidelines:

- Swim School Office has received 24 hours' notice prior to the lessons commencement.
- Student has not exceeded their maximum of two makeup lessons per term.
- Any notice less than 24 hours will only be accepted with current and relevant medical documentation, covering all missed lessons.
- Medical certificate must be produced within 7 days of the original class time
- Make up lessons will only be taken within the enrolled term where lessons were missed and only where there is a position vacant. We cannot guarantee times will be available to suit your needs.

Note:

- Make up lessons will not be issued for other sporting events, social events, holidays or work commitments
- If you miss you scheduled make up lesson it will be forfeited
- We are not able to accommodate make up lessons in the first three weeks of each term

Teacher Changes

Teacher changes may occur during the swim term with little to no notice. Maintaining teacher consistency at our Swim School's is one of our highest priorities.

Full payment is required at time of booking all Holiday Programs.

This may include reinforcing clear guidelines, sitting child out of the lesson for short time, or requesting parent to collect their child.

Please note: If a child becomes disruptive, difficult or poses a safety issue in the swimming lesson, our staff will take steps to ensure that this is dealt with appropriately which may include asking the parent or guardian to collect the child from the swimming lesson.
